

TO WHOM IT MAY CONCERN

I object, wholeheartedly, ⁸ - APR 2022
Golf Club land being taken for
even more housing.

A wonderful open green space,
which I have seen mature over
the years, with many trees, and
is now home to many birds and
wild animals. Trees are essential
to our lives & it takes many
years for them to mature.

If this scheme goes ahead, Felster
is going to have even more
traffic congestion. Since the
Blake's Head development, the
traffic has become unbearable.
The A259 has a constant queue!
Who wonder the Roundle Estate
had to close its roads to
non-residents!

With housing, there comes
even more cars - CHAOS!!

And what about Schools?

There is already over crowding
and problems there too.

I know, there are playing
field - lets take some more
of that for building.

I Rest my case
