Thank you for your internet representation made on 14th May 2022 which has been recorded as an objection with the comments as follows:

OWPC47520

To coincide with the visit of Michael Gove to the golf club to have dinner with the local Conservative Association I organised a protest outside to impress upon him the anger of residents at losing important green sites like this. In preparation for the demonstration I visited the area during a peak am on a weekday- it was chaos. Queuing everywhere in and around Downview and Golf Links Way, inadequate passing points and dangerous for cyclists and pedestrians. During the course of the demonstration the Police asked for some cars to be moved, parked legally, on the basis emergency services access couldn't be maintained. Yet on normal days this happens all the time. It's incredulous to think the surrounding road network to the Club will not suffer severe impact from this proposed development. I share residents real anger at the proposed loss of this beautiful golf course and the rich biodiversity and wildlife it hosts. Further I note that Southern Water have indicated they believe the impact of bolting on this development to the sewage network will cause flooding. With regard to surface water given the course floods regularly, that indicates its importance in soaking up water, housing here will just exacerbate that.

Your views as made above will be considered before the application is determined.
