This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 15th June 2022 which has been recorded as an objection with the comments as follows:

OWPC48217

Our village roads simply would not cope with the extra volume of traffic, we are already battling with Butlins and the local schools.

The extra volume of vehicles on the road will raise pollution levels in an already concentrated area, but also increase dangers for the children making their way to the schools on bikes and on foot using Downview Road.

There is no clear plan where the exits routes for this new estate will be placed which i feel is quite deceiving and should have been made clear when the plan was submitted.

It seems to me that the Golf club were in financial difficulty and once again it all comes down to money over thought for the local community and wildlife.

States Removal of well-established trees which naturally help with flooding and healthy air is destructive and contradicts climate goals.

Bad placement in the area.

Lack of essential detail with the plan

Higher pollution levels

No clear plan to provide infrastructure to support the new community such as schools, doctors and shops.

Mindless and a huge shame that the details in which actually matter to communities and ecosystem have been completely disregarded!

Your views as made above will be considered before the application is determined.
