Thank you for your internet representation made on 16th June 2022 which has been recorded as an objection with the comments as follows:

The fact I'm having to re-post this is shameful on all you council members. Stop thinking about your pockets and money pleasures you gain from doing this and open your mind and think about what you are doing. You are affecting your kids future and future generations all because of your selfishness. It's disgraceful! You should all be ashamed your even debating building and ruining all this lovely and beautiful greenery we have around us.

I would consider your actions very carefully, as Mother Nature always wins! Money and humans do not.

I'm ashamed to even call you people the council.

I'll reiterate my previous objection I gave:

This is appalling to hear. Building on yet more of mother natures green land- how can you possibly begin to sleep at night. For so many reasons I'm unable to pin point where to start. Many I shouldn't even have to tell you why, this should be installed within your human nature and not within your ego or should I say MONEY situations.

With the south of England being known for its country side and beautiful walks in the woods and having the possibilities of getting lost in the wild. Yet on our walks we will stumble upon another building site, amongst many other building developments happening around the area. I should not have to list these to you as of course you can see this with your own eyes.

You can see many buildings within the area that are already built and unoccupied. Surely this would be a better option or rightly so use the money in better ways, supporting care homes, NHS wards, homelessness, addictions, mental health, victims of abuse, violence, supporting our elderly generation better with care and time. Instead of building unnecessarily. We do not, and I repeat WE ALL DO NOT OWN THIS LAND. You are visitors on this Earth you walk and yet you have it in you to destroy what's around you without seeing why or what it's already there for in the first place.

However you will get your way and you will build upon more land to make more money for your rich and keep creating this divide among us all, causing pain and suffering. So these words will never be heard or even considered. The council is already taking land away from peoples homes in various areas. But people are having to battle this themselves with no financial support.

The system is backwards and the council/government are far from being on the right side of things.

Change your habits and ways!
