Thank you for your internet representation made on 21st June 2022 which has been recorded as an objection with the comments as follows:

OWPC48355

I very much oppose this planning application, this area cannot cope with anymore building on land where there is already flooding issues. The impact would be detrimental not only to the wildlife and surrounding area. The local roads where the only access in and out of the development will be greatly affected, where already at peak times the volumes of traffic going to and from the local schools are at a fast capacity and the safety of humans especially children would be at risk. The local Doctors are already over-subscribed and waiting times to see them are lengthy.

Your views as made above will be considered before the application is determined.
