Dear Sir/Madam,

Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT
Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD
Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 5th July 2022 which has been recorded as an objection with the comments as follows:

OWPC48701

The plans have been revised, yet the entrance for all this traffic is still via the village. If you read the report you'll see that the planners idea for managing this massive increase is essentially 'try to teach the new residents to travel smarter'. No one is going to travel smarter. 70-80% of all residents will use cars, and the entrance road will become far too busy and dangerous for the surrounding schools and it's school children. I think that overall, people would object less to the development if it used the existing relief road that was built to take traffic out of the village in the first place, but this just seems like too much trouble or expense for the developers.

Your views as made above will be considered before the application is determined.
