This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 8th July 2022 which has been recorded as an objection with the comments as follows:

OWPC48934

The danger to human life of adding yet more traffic to Downview Road is immense. The children swarm all over the road at school times, despite the number of cars on the road at the time. I have witnessed many near misses. More housing will add to the congestion, the traffic jams are already long at the Downview traffic lights - where there have already been numerous accidents. If houses must be built, wouldn't it be wise to route the new, additional traffic through the new estate, therefore not endangering children.

There is the obvious other issue of lack of infrastructure - it is very difficult to get a doctor's appointment, there are no NHS dentists to be found, the roads are already terribly congested, not to mention the access to schools, etc, etc.

Finally, the environment in this area is becoming a concrete jungle. It astonishes me that with all the new housing in the area, not one new property is built with any eco credentials. Why isn't the council/government expecting all new buildings to have solar panels and ground source heating?

This proposal should not go ahead for all the reasons above.
