Dear Sir/Madam,

Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT
Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD
Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 12th August 2022 which has been recorded as an objection with the comments as follows:

I cannot believe that this proposal is actually being considered. The additional traffic in Downview Road and the surrounding roads hasn't been addressed. It is a lovely green belt area that should be preserved for the public as there are plenty of brown sites to build on. Also the lack of water in this area and appalling sewage control needs to be addressed before any more building is allowed. No one seems to worry about the local infrastructure when building new homes. I understand they are needed but the issues cannot keep being ignored. The problems cannot keep being put off as a problem for the future. I also heard on the news that building projects in Arun were being halted due to the low water levels and the risk to the habitat. Is that being ignored too. I cannot see any reason that the council can consider this proposal a good idea and I hope they see sense.
