Golf Club Planning application FP/274/21/OUT

I fully support the objection submitted by Felpham Parish Council of West Sussex County Council Highway's final response to the traffic impact at Downview Road junction with the B2259 and am deeply disappointed in the response and strongly object to the acceptance of the application. The queue lengths in Downview Road are totally unacceptable at school times and the danger to pedestrians and children walking to the school.

There has recently been a fatality in Downview Road of an elderly lady who was cycling and this resulted in the council putting in a provision for cyclists at the traffic lights in Downview Road. The fact that a 20 mph speed limit has been implemented must surely show that there is already a problem in this area.

I am deeply concerned about the health and safety of pedestrians and cyclists that the rephasing of the traffic lights will cause and this proposal undermines all the risk management solutions that have been implemented as a result of the number of previous incidences including fatalities.
