Let's look at the most recent genius proposals by our two local mass house building supporting councils. With the rest of the country backing schemes to make it easier to cycle and walk instead of using the car, WSCC and ADC decide to buck the trend with the proposed housing development on Bognor Golf Course by altering the light sequences making pedestrians and cyclists wait in a holding island in the middle of the road at Downview traffic lights so cars can move off quicker and not cause so much of the anticipated congestion. Brilliant!! This is on a route to two major schools with over 3000 pupils, you couldn't make it up! Our two local councils are hell bent on flooding (literally) our area with houses when infrastructure cannot cope as it is. This latest move by WSCC proves they are on the side of congestion rather than supporting environmental initiatives to reduce the current traffic problems local residents have to endure.
