Dear Mr Temple

Ref FP/297/17/HH

I am writing to object to the retention of the construction of my neighbours 'summerhouse' in the grounds of 15 Kingsmead, Felpham.

This construction has been built on top of a sea defence upon which it has been lowered by at least 23" without consent from the appropriate agencies.

The construction is right to the edge of the property boundary and is a good 3 meters high, it towers over a 2 meter fence, so being on the sea defence it must be 4 meters high from ground level.

It invades the privacy of our garden, upstairs bedrooms and kitchen as the bi folding doors are facing in the direction of our house. It also invades the privacy of our neighbouring properties.

I do not know what the construction is intended for but it is a large unit so I dread to think!

I have attached some photo's so you can see my point of view.

Look forward to hearing from you

Regards
