Ref: FP/30/19/PL

Thurs. 21st Mar. 19

Dear Sirs,

I am writing to register my strong objection to the proposed development as outlined in the planning application, reference number as above, for No 10 South Road, Felpham.

Here we go again, yet another attempt by this "garden-grubbing" developer to blight the lives of residents in this area by subjecting us to continual pressure and expecting us to forego our right to a peaceful and pleasant life in surroundings of our choosing while he sets out to chase mere profit.

What is the sense of knocking down one perfectly sound property (No 10 South Road), then building an access road through the space and then putting up another house further back? There is no sense to it unless the developer is hoping, by making the road wider, to resurrect his previous applications for more than one property on the plot. Following on from his previous application attempts it is blindly obvious and would further disrupt the lives of all living in this area, including all the wildlife which is quite abundant here. The continual worry and uncertainty of the situation while

this developer keeps putting in application after application is detrimental to the lives of all in this area

I urge you to reject this application once and for all, so allowing the residents to enjoy their houses and gardens without the threat of more upheaval and uncertainty in the future.

Yours Sincerely
