Dear Sirs,

I wish to object strongly against this latest version of Regent Property Holdings Ltd. to demolish the existing house and replace it with another in a different part of the garden. This would be extremely intrusive to neighbouring properties and so close to the rear boundary that it would disturb all the wildlife that presently exist in the undergrowth. The developers have already tried to pre-empt any objection to building on this rear garden on the grounds of wildlife by burning and clearing trees and bushes that existed when this all first started many years ago. I am really disappointed that the residents of South Road have yet again to be subjected to the worry and stress of the developers intentions to build on this back garden.

Please refuse to grant permission for this development.

Yours faithfully,

Clive Wickham
