Felpham,
West Sussex,
PO22 8FT
23.02.2017.

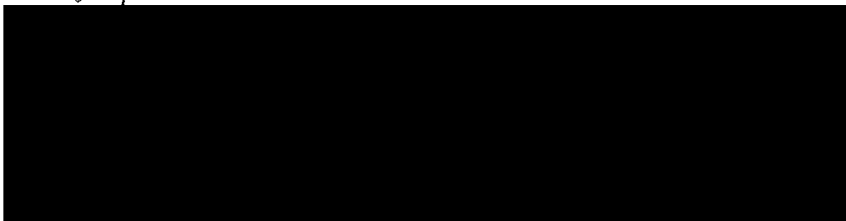

FLOOD RISK ASSESSMENT.

14 Bridget Close is a dwelling unit part of the Williams Gate Housing Development built by David Wilson Homes.

The whole development site has been elevated against flood risk and formed part of the Planning Approval granted to David Wilson Homes by the Arun District Council.

I wish to confirm that the proposed enclosure of this existing area will not restrict any existing natural water courses, the whole area will be retained as a garden and surface water allowed to pass naturally through the existing garden surface.

Regards.

B. NEWELL.
