Subject: FP/36/12 - Extension of Temporary Access into Phase 1 of Felpham Development.

James,

The County Council have raised an objection to the 18 month extension of the operating period of the temporary access into Phase 1 of your development at Felpham on the basis the available visibility is not appropriate for a new public highway with a 40 mph speed limit. The road will become a public highway once complete in November 2012.

However, if a drawing can be submitted that shows the requisite visibility standard can be met our position will be reconsidered and a revised response issued to Arun District Council.

My Planning Colleague, Debbie Farrelly is away from the office until Wednesday of next week, so if this drawing can be submitted beforehand, the matter will be dealt with promptly on Debbie's return.

Kind regards Harvey.

Harvey Rogers Principal Engineer (S38/278 Agreements), Implementation Team, Strategic Planning, Communities and Infrastructure, West Sussex County Council

Think sustainably. Do you have to print? Can you double side? Do you need colour?
