3 Description of Development

Application for Listed Building Consent for change of use from offices (B1) use to Residential use (C3) & three new dormer windows to replace existing

4 In pursuance of their powers under this Act and Regulations the Council **REFUSE** to grant Listed Building Consent for the works as described in the application and plans for the reasons stated.

- 1 The proposal is unacceptable by reason of the excessive alteration of the external elevation of the dormer windows which contribute to the special architectural or historic interest of the building in conflict with the National Planning Policy Framework.
- 2 On the basis of the information available the Local Planning Authority is not satisfied that the proposed development can be undertaken in a satisfactory manner. Further structural information is required to demonstrate that the removal of a ground floor chimney breast would not leave the rest of the chimney unstable.

NOTES RELATING TO LISTING BUILDING AND CONSERVATION AREA
APPLICATIONS
PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent or conservation area consent for the proposed works, or to grant consent subject to conditions, he may appeal to the Secretary of State in accordance with sections 20 and 21 of the Planning (Listed Buildings and Conservation Areas) Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Secretary of State, Temple Quay House, 2 The Square, Temple Quay, Bristol BS16PN. The Secretary of State has the power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.

If listed building consent or conservation area consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which have been or would be permitted, he may serve on the council of the district in which the land is situated, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

In certain circumstances a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

If the applicant is aggrieved by the decision of the local planning authority:-
a) to refuse to vary or discharge the conditions attached to a listed building consent or a conservation area consent; or
b) to add new conditions consequential upon any such variation or discharge,

He may appeal to the Secretary of State in accordance with sections 20 and 21 of the Planning (Listed Building and Conservation Areas) Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate at the address referred to above. The Secretary of State has the power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
