Dear Lauren,

Thank you for your note on the badger survey.

It is too early to comment on the others and the only consultation response I have had so far is from ecology (which is why I sent it to you).

If you proceed to implement the access without first having conditions 5, 6, 7, 8, 9, 10, 11 discharged then you will be in breach of those conditions. That would be at your own risk.

Kind Regards

[REDACTED]

Hi Simon,

The final sign off has been completed today which once report is generated I will issue over to yourself and Liz.

How are we getting on with the others? Do you need any further clarification on these?

We have been in discussions with Barratts on the wider site and they are looking to get the roads and footpath adopted adjacent to the site.

They have asked whether we can get our access in as soon as possible to ensure that it is adopted as the approved plans (including our access) we would be happy to do this if you were happy for us to look at starting these works 1st week of April? We would only be looking at constructing the access at this point?

Regards
