Dear Sir/Madame,

Re: Planning Application FP/48/15/OUT
No.1, House on land adjacent to
94 Outenayke Road, Felpham.

I write to protest against the outline permission for the above proposed dwelling. The immediate vicinity is at the moment fairly densely populated and a further house on the land above would damage the nature of the area, adding to problems of ingress and egress of wheeled traffic in an area already extensively used by private and commercial vehicles. A further dwelling, in an already crowded locality, would have an adverse effect on the values of existing properties.

Yours faithfully,
