27th April 2015

Dear Sir,

I wish to object to the proposed building of a house in ground adjacent to 94 Outterwyke Road, Felpham.

(Planning application FP/48/15/OUT.

The building of an extra house would add to the already congested area, making it more crowded both in population and motor traffic terms.

The value of houses in the immediate vicinity would be severely compromised by this proposed building.

Yours faithfully
