25th April 2015

Dear Sirs

Re: 94 Outwerwyke Road, Felpham, PO22 8LT
Reference : FP/48/15/OUT

With reference to my letter dated 24th April 2015 and the above planning application I would like to raise further strong objection please.

The proposed application to build a second property in garden of 94 Outerwyke Road will cause distress and inconvenience to me as any such property is likely to block the sun and light from my garden and property. Also any windows overlooking my garden and property will cause me to lose the privacy I currently enjoy which I thoroughly object to.

Again, I would like to make it known that I strongly object to this planning application.

Yours faithfully

With reference to my letter dated 24th April 2015 and the above planning application I would like to raise further strong objection please.

Any property built in the garden of 94 Outerwyke Road will be in close proximity to our home and will have a serious impact on privacy currently afforded to our garden and property as any windows in the proposed new property will have a direct view to our kitchen and garden. Also, the proposed new property will block light and sunshine putting our house and garden into shadow and block out the afternoon sun which we currently enjoy.

Being able to view this property from our own and our garden will be an eye sore and spoil our enjoyment.

Again, I would like to make it known that I strongly object to this planning application.

Dear Sirs

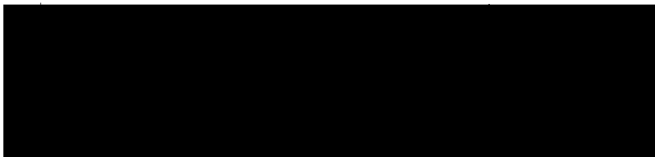

**Re: 94 Outwerwyke Road, Felpham, PO22 8LT
Reference : FP/48/15/OUT**

With reference to the above planning application I would like to raise strong objection please. Our property neighbours 94 Outwerwyke Road as we are on the corner of Firs and Outerwyke.

The proposed application to build a second property in garden of 94 Outerwyke Road will have a significant negative impact on the property prices in the road. Also any such property will have an adverse effect on the enjoyment of our garden. The property will block light and sun and cause shadow our garden and also any windows will overlook our garden and see straight into our windows preventing us from enjoying the privacy we currently have.

The building works will impact severely causing dust, dirt and noise and further traffic which we do not relish or want.

There are new housing estates in Felpham, North Bersted and Littlehampton so is there any need to build a house within a garden in our lovely road?
