Dear Sir/Madam,
Ref Planning Application FP/51/21/PL
I fully support this Planning Application.

I am pleased to see a passive house being built on this estate and hope it is the start of many other similar environmentally friendly projects that are so needed here. Given the wide range of styles of buildings across the estate, there are no issues of the design not "being in keeping" with the rest of the estate. There are also plenty of homes that have 3 storeys and also have flat roofs (there are at least two on the same road). The existing property is in badly need of repair and is an eyesore so it is great that someone is prepared to invest to improve the plot. I understand the owners have spoken to neighbours and have agreed to be responsible with regard to any disruption from the building works. We promote good neighbourliness on the Summerley Estate, looking after our area and properties to the benefit of our neighbours so this is a positive project.

The proposed development will positively impact everyone who walks along the sea-front. This can only add value to their neighbours properties. I understand they want to improve the garden as well which no doubt will also improve the view.

For the reasons above, I wholeheartedly approve this application.

Your views as made above will be considered before the application is determined.
