

Location (7) Lumi Fully glazed door with side panel - Colour Light Gray to match windows

lumi

Lumi composite doors

Lumi composite doors offer an impressive entrance with high performance as well as a stunning look, with a pioneering new glazing system to make for a door that looks radically different to any other.

Lumi doors are renowned for their glass, and their composite doors come with a frameless, flat and uninterrupted glazing inset or a fully glazed side panel to illuminate your home and add a stunning amount of style.

Lumi composite doors will add beauty to your home whilst offering high energy efficiency and an extreme security performance, giving you a door that both looks and performs extraordinarily.

Lumi fully glazed doors

Lumi fully glazed doors will offer your home a ground-breaking design, with the whole door being made out of stunning Lumi glass.

This door is perfect for homes looking for a complete transformation, ideal for renovation projects or new builds, offering a modern style and a standout design.

Whilst being completely made out of glass, Lumi fully glazed doors will protect your home from the cold weather and any break in attempts with high performing triple glazing coming as standard on all Lumi products.

Location (10) Side Door VELFAC Ribo Entrance Door

VELFAC®

VELFAC Ribo alu doors

- entrance doors in wood / aluminium for light to medium use

VELFAC Ribo entrance doors are designed for installation where a medium strong door is required.

Typical situations include main entrance for residential buildings and secondary entrance doors in public buildings or office blocks.

Flush entrance doors are available in a number of external designs and can incorporate a range of glass apertures.

Glazed entrance doors provide maximum daylight. Can be divided by glazing bars with the resulting apertures glazed or panelled.

The VELFAC Ribo alu doors System is only sold with an order for the VELFAC 200 system.

Technical specifications

- Flush or glazed entrance doors in wood / aluminium
- SBD accredited
- Glazing options: 32mm double or 52mm triple glazing
- A comprehensive 5 year warranty
