W. Sussex

Dear Sirs.

Re planning application
for 1 The Grove *Garden Room*
FP/59/12. We have been
shown two sets of plans
Mark told us it was for
an office for his business.
We feel the building is too high
to the light into our garden
and very obtrusive.

too close to our boundary
we did ask Mark if it
could be relocated further
back in the garden.

We would like to have
sorted this out between
us but the planning
application went in with
out us knowing

Yours sincerely
