## 3. Agent Details

No Agent details were submitted for this application

## 4. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

☐ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☐ No

## 5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below

Tree species (and the number used on the sketch plan) and description of works.

Where trees are protected by a Tree Preservation Order you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in the same place.

I refer to the complaint about high hedging, made under Part 8 of the Anti-social Behaviour Act 2003.

A hedge row of 8 Monterey Cypress trees and 1 Corsican Pine, all approx 70 years of age. We would like work to be carried out on these trees, if possible 3 to be felled (T6, T7 & T8) as in very poor condition and close to the property. We are happy for a much slower growing tree, for example a Yew tree, but away from the property. Lateral branches to be cut back on the side of 46 Outerwyke Road and reduced crown height.

T2 is a Corsican Pine, T1 to T9 are Monterey Cypress trees.

This is a on-going case, Arun District Council gave Mr Lonnen a remedial notice 6 years ago, to reduce tree height and lateral branches and maintain to this level, however nothing has been carried out since this work in 2013.

## 6. Trees - Additional Information

### For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

### For works to trees covered by a TPO

**Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below**

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

☐ Yes ☐ No

## 6. Trees - Additional Information

## 9. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
