Dear Nicky,

Thank you for your email. My apologies for not getting back to you sooner, I did not see the attached letter previously.

I can confirm the aspect is T1 is South and T9 is North.

There is approx a 3 metre over hang and we would ideally, if possible, like to have them cut back to the trunk.

The original works carried out on the trees to reduce the crown was T1 by 2 metres to 15 metres in height. T2 by 2 metres to 18 metres in height, T3 by 1 metre to 12.5 metres in height, T4 by 3 metres to 16 metres in height, T5 by 2 metres to 17 metres in height. These trees should be maintained to this height but no maintenance has been carried out.

I have spoken to Richard Martin of Parks and Greenspace and he informed us that he would measure the trees to see how much the trees have grown following a site meeting. We are waiting to hear back from him on the matter.

I hope the information supplied is sufficient.

Kind regards,

Stephen

Good Morning Mr Taylor

Please find attached a copy of a letter sent on 15th March regarding the above application.

Unfortunately, I do not appear to have received a response to the letter requesting further information.

From the application I understand you would like to fell 3 No. Monterey Cypress (T6, T7, & T8). With regards to the 1 No. Corsican Pine (T2) and the remaining 4 No. Monterey Cypress (T1, T3, T4 & T5) please could you confirm the aspect (N, S, E or W) and the metres to be removed for the lateral reduction, and how much, in metres, you would reduce the Crown height for each tree.

In order for your application to be validated, please could you provide the information by Tuesday 9th April. If I have not had a response by this date, the application will be returned.

Kind Regards

Nicky Moore
