## RELEVANT SITE HISTORY

None.

## REPRESENTATIONS

**Representations received:**

No objection assuming there is no change to the height of the wall.

**Comments on Representations received:**

Comments noted
As the existing hedging is to be removed the wall is to be extended and this remains the

same height but for more privacy a wooden infill panel is to be erected above the wall to a height of 1.95m. It is not considered that this would be out of character and appearance within the street scene or the surrounding area.

## POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to visual and residential amenity.

## DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding area.

## OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

## CONCLUSIONS

The detached bungalow is sited on a corner location with Eleanor Gardens and Middleton Road

and is set back from the front boundary of Eleanor Gardens by approximately 12m. The application seeks to construct a single storey extension on the north side of the dwelling to create a new bedroom and extend the existing lounge.

The proposed extension will extend the whole length of the existing dwelling with a width of 3.65m and the hipped roof will have a maximum height of 3.1m. The extension is of an acceptable size and height that is considered to be visually subservient to the main dwelling. The northern side boundary has an existing wall which is 1.5m in height and behind this wall is a Leylandii hedge and the application seeks to remove this hedge and extend the wall along the northern side boundary and extend along the front boundary linking up with the new extension. The wall is to be extended by approximately 4.8m and the existing wall which is 1.5m in height is to be increased to 1.95m by the erection of a wooden infill panel.

The extension is not considered to have a detrimental impact on the residential amenities of neighbouring properties to the east and west which are located approximately 25m-30m away. There is a wide pavement and verge adjacent to the highway and whilst it is accepted that the proposed extension will be nearer to the highway than the original structure being approximately 4m-5m away. it still retains the open plan character and appearance when viewed from Middleton Road.

The proposal is not considered to be obtrusive in the street scene, nor would it harm the established character and appearance of the surrounding residential area.

It is therefore recommended to approve the application, subject to conditions.

**HUMAN RIGHTS ACT**

Human Rights Act:
The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

**DUTY UNDER THE EQUALITIES ACT 2010**

Duty under the Equalities Act 2010

In assessing this proposal no impacts (negative, Neutral or positive) have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual

orientation).
