CONCLUSIONS

PRINCIPLE

The proposed development is situated within the built up area boundary where the principle of development is acceptable subject to accordance with relevant development plan policies. As stated in SDSP2, the key policies considered are DDM1 and DDM4 of the Arun Local Plan.

Felpham has a 'made' Neighbourhood Plan with policy ESD1 relevant to the determination of the application.

The site is occupied by a detached two story dwelling. The area consist of properties of a similar style and design.

DESIGN AND VISUAL AMENITY

The development will provide a single storey garage addition inline with the existing principle elevation of the neighbouring dwelling No.5, and the host properties existing porch. The side addition would span 10m along the shared boundary with neighbouring no.5, projecting approx.500mm beyond the existing building line of the abutting neighbouring footprint. The rear conservatory would be set away from this shared boundary and some 200mm along that shared with adjoining No.9. The conservatory would project 3m into the garden. The height would be approx. 3m in height at the front and side and 2.5m to the rear.

The internal layout would allow for a kitchen re-configuration and garage.

Due to the size and design, the extensions appears subservient and well integrated with the host dwelling constructed with materials to match. The proposed development overall is not considered to appear visually obtrusive or prominent and is not considered to have an adverse impact on the character or appearance of the host property or wider area and as such is in accordance with DDM1 and DDM4 of the Arun Local Plan and ESD1 of the Felpham Neighbourhood Plan.

NEIGHBOURING AMENITY

The proposed side extension will extend the full depth of the dwelling. By virtue of its design it is not considered to give rise to any adverse overbearing impact upon the neighbours.

When assessing the accuracy of the proposal in line with the 45 degrees line, there is no loss of light to the window serving as a habitable room at neighbouring No.5 or 9.

The rear extension is set well into the plot and is not considered to affect the amenity to the neighbouring occupier at No.9 to the south.

Overall the proposed is not considered to give rise to any adverse impact due to overlooking, overbearing or overshadowing impacts upon the residential amenity.

SUMMARY

The proposed development is deemed to accord with the relevant development policies and as such is recommended for approval subject to the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may

arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
