

Tree Protection Plan (TPP)

- Trees are numbered as per the Tree Schedule.
- The circular interpretation of root protection areas (“RPA”) of category A, B and C trees with high A (Green) moderate B (Blue) and low C (Gray) and unsuitable for retention U (Red) categories.
- Trees recommended for removal are indicated by a red dotted outline.
- Orange outline shows the approximate area of the previous building.
- Yellow outline shows the extent of the development area.
- Where necessary, canopy spreads and shadow arcs may also be indicated.
- North is to the top of the plan.
