Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FP/66/26/PL
Site Address: Rabbit Island Rear of 84 Brooks Lane Bognor Regis PO22 8DN
Description of works: Retention of an existing agricultural barn previously approved under FP/106/23/AG with a total roof height of 4.2m (compared to 2.9m as permitted). This application is in CIL Zone 5 (Zero Rated) as other development.

Thank you for your internet representation made on 13th June 2026 which has been recorded as an objection with the comments as follows:

OWPC84067

Previously height, size and use had been decided. This was then built larger and taller than previous planning permissions agreed. This is an eyesore within the surrounding countryside, is on the edge of an airfield so goes against regulations and should be required to have the size and height reduced. As far as I have observed it is not being used for the purposes that the original planning permission was granted. The field is not being used for agriculture, no crops are being grown as the owner previously stated the field would be used for growing and storing hay/straw.

Your views as made above will be considered before the application is determined.
