Dear Sir/Madam,

Re: Planning Application FP/71/13 – St Mary's Centre, Felpham.

This letter has been sent as a separate comment on the above application, and on behalf of the Felpham Parish Council, who are tenants & occupiers of part of the ground floor of the above property.

Whilst the Parish Council has lodged a "no objection" to this application, they are concerned as occupiers, to the potential disruption to their office space due to noise emanating from the construction of the new meeting room at first floor level. In this respect the Parish Council would wish to request that a condition to ensure that suitable "sound proofing" is installed, should the application be approved as currently submitted, or any subsequent application be received, be applied.

We have sent a copy of this letter to the Parochial Church Council as the applicant.

Yours sincerely,

Richard Wickens – Clerk to the Council

cc the Secretary, St Mary's PCC, Felpham.
