Subject: RE: *EXTERNAL: RE: Felpham Fence Location

Dear Malcolm,

Thank you for your email below.

I had a telephone conversation yesterday afternoon with Steve, regarding the specification of the fencing; he referred to an earlier discussion with Mr Wheway, a former Arun District Council planner, and the Sport England specification.

Can you please let me have sight of any correspondents that you have from Mr Wheway and/or Sport England regarding this matter?

However, I observe that any agreement regarding the specification appears to have been made prior to a number of changes to the provision of recreation at this location (i.e. the construction of a MUGA and of a skate park). My senior colleagues are of the same opinion as I, that a netting ball-stop fence is wholly unsuitable and that a metal fence is more appropriate.

I await your documentation and comments in due course.

Kind regards,

Anthony Baker

Anthony

Further to a telephone conversation with Michael we will stand down on the fence until Arun DC have had internal discussions.

EXTERNAL EMAIL WARNING

Please do not click on LINKS or ATTACHMENTS where you are unsure of its origin. In such cases delete the email.

Hi Karen,

I'm not at all happy with this for the following reasons:

1. There doesn't seem to be a specification for the fence material. The fence shown in your earlier email chain (attachment 1) shows a fence that is netted with a fibre mesh; this will simply not be durable enough – it will get cut, burnt and generally abused; I would prefer the barrier to be a metal mesh.
2. The plan you have attached shows the fencing in the wrong place; the fencing, according to Condition 3 of FP/151/11 is “adjacent to the parking area”, not by the relief road.

If this work is scheduled to go ahead, can it please be stopped until we gain some clarity regarding specification and location?

Kind regards,

Anthony Baker

Tony,

Having read through this email, it appears that Michael has agreed the ball stop fence. There is a plan that was submitted on the original email to show the location of the fence. I did not get this attachment. That explains why they are installing it. I have attached the plan for you to see.

However, if you require any more fencing to be installed, please advise me.

Many thanks,
Karen

Tony,

I have found the email that Malcolm sent me regarding a typical fence. Please see photo below.
Obviously, I have requested the specification of the actual one to be installed, together with a plan showing where they wish to install it.

Kind regards,
Karen

Dear Malcolm,

I hereby confirm the location of the football fence (ball stop fencing), as identified on the plan that you attached to your email (i.e. immediately north of the football pitch)

Kind regards,

Michael

Michael

Can you please confirm the location of the football fence, I have attached a plan on which I have indicated the proposed location of a 3m high net fence. We discussed the location at the meeting and I'm sure what I have shown is what we discussed. Can you please confirm.

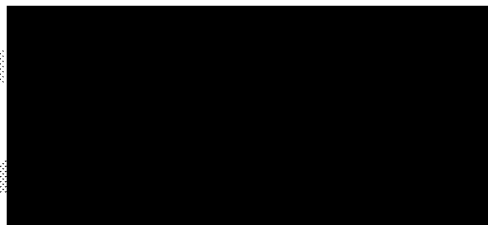

Typical fence detail for approval.

Regards
