Subject: 7 Ambleside Close Felpham FP/86/21/PL

Hopefully you have received 2 pictures of before and after that we're taken when Ms Bottomly started to cut down the trees at the bottom of our garden.

We are now overlooked into the garden lounge and bedroom which is a gross invasion of our privacy.

The property is not in keeping with the rest of the close and would cause and stick out like a sore thumb .

There will also be the on going trouble with parking flooding and sewage not to mention access for emergency vehicles.

Building work would cause trouble with noise and dust pollution.

All the statements that were said in the first instance are going to be the same this time so I strongly object to this planning application.

W Geall
