

Bin and Collection Statement

Residential waste will be collected by refuse vehicles and the road layouts have been designed to allow the turning and manoeuvring of refuse vehicles in accordance with West Sussex County Council standards. Bin storage space will be made available in the private rear gardens of all the properties and there is space available for separate bins, for household and recyclable waste.

The provisions for the collection of domestic waste will comply with County requirements in terms of accessibility by refuse vehicles and space for bin storage and collection.
