Dear Sir or Madam,

With reference to the proposed new construction of residential buildings next to Waterbury House.

I have lived at No. 4 The Willows for over 11 years. Waterbury House is used for as a home for adults who require special help for their disabilities, which I am sure is doing a good job but nearby in the Willows we do have to put up with a lot of noise from those who are over enthusiastic or upset especially in the garden which is directly in front of our building.

This proposed development will be very distressing for the people living at the Willows both the noise and the resulting noise from future patients that will be accommodated there.

Please look carefully into this development as it is causing great concern to all the elderly on The Willows.

Yours sincerely
