Hello Anita,

I will speak to our specialist consultants about this tomorrow and get straight back to you.
I would expect that we can deal with this within a few days and can agree to an extension of time to 29th May.

Many thanks, John.

Dear John,

Please see attached the Drainage Engineer's comments in respect of the above application which expires today. Based on Engineer's comments it cannot be passed through for a decision at this stage unless it is for refusal.

Please can you agree to an extension of time on the application, by return, until 29-05-2020, to allow time to discuss and agree the best way to progress matters? The application should be withdrawn pending resubmission with additional information if this is likely to take more than a few days to compile, particularly if additional winter ground water monitoring is necessary.

Please let me know how you wish to progress matters and likely time frames.

Regards

Anita
