Dear Kate,

Condition number 4 was erroneously imposed. The details of the portacabin including its green colour were submitted with the plans and considered to be acceptable when approving the application. These details and colour and are controlled by the plans condition number 2.

This e-mail will be scanned into F/14/14/PL so that it is clear why no Discharge of Condition (DOC) application for condition number 4 is required in this instance.

Thank you.

Good Morning Juan

As discussed on the phone this morning, I do not feel the discharge condition number 4 as detailed in the permit is required. The planning permission details the unit would be green. This was discussed on site and shown in the plans submitted.

Thank you for taking the time to discuss this with me today.

Kind regards

Kate
