Dear Mr Hall,

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Approval of details reserved by condition imposed under ref F/30/18/PL relating to Condition Nos 4 - discharge flows to watercourses, 5 - maintenance & management of surface water drainage and 8 - formal consent for discharge flows to watercourses

Wicks Farm Ford Lane Ford BN18 0DF

Notification regarding the above application:

Condition Number 8

The development shall not proceed until formal consent has been approved in writing from the Lead Local Flood Authority (WSCC) or its agent (ADC) for the discharge of any flows to watercourses, or the culverting, diversion, infilling or obstruction of any watercourse on the site. Any discharge to a watercourse must be at a rate no greater than the pre-development run-off values.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies W DM1 and W DM2 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition to protect existing watercourses prior to the construction commencing.

Decision:

Arun District Council have decided to **REFUSE details reserved by condition for the following reasons:**

This condition is refused based on the information submitted. Additional drawings and site visits by Engineers will be required before approval can be granted. You are advised to continue a dialogue with the Council's Drainage Engineer and re-submit when revised/amended drawings are agreed.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely

A handwritten signature in black ink, consisting of stylized letters 'NC' followed by a dot.
