

## WEST SUSSEX COUNTY COUNCIL CONSULTATION

<b>TO:</b>	Arun District Council FAO: Jessica Riches
<b>FROM:</b>	Stephen Gee WSCC – Highways Authority
<b>DATE:</b>	7 October 2024
<b>LOCATION:</b>	Land at Ford Airfield Ford
<b>SUBJECT:</b>	F/14/24/RES Approval of reserved matters (layout, scale, appearance and landscaping) following outline consent F/4/20/OUT for the infrastructure RM including the provision of a primary spine road and associated secondary road junctions, pavement, footpaths, cycle infrastructure and bus stops; site wide drainage infrastructure including foul pumping stations, foul sewer infrastructure, SUDS basins, SUDS swales, surface water infrastructure; acoustic fencing; public open space including landscape details, play areas, footpaths & associated works. This application affects a Public Right of Way, may affect the setting of a Listed Building and falls within CIL Zone 1 ( Ford strategic site - zero rated).
<b>DATE OF SITE VISIT:</b>	n/a
<b>RECOMMENDATION:</b>	Advice / More Information

Road Safety Audit – The applicant was informed at pre application stage for the RM matters that a Stage 1 RSA and Designers Response would be required, as the spine road is to be utilised by buses and creates a link between two public highways. This is confirmed in para 4.11 of the planning statement.

No RSA has been provided.

### Vehicle Tracking

Colour plans should be provided to detail the tracking (can be sent direct) It is noted that the tracking for routes to the pumping stations are often beyond the red line boundary and as such information should be provided on the delivery of the pieces of infrastructure in relation to the surrounding plots.

Tracking should be provided for HGVs and Buses along the spine road.

### Visibility Splays

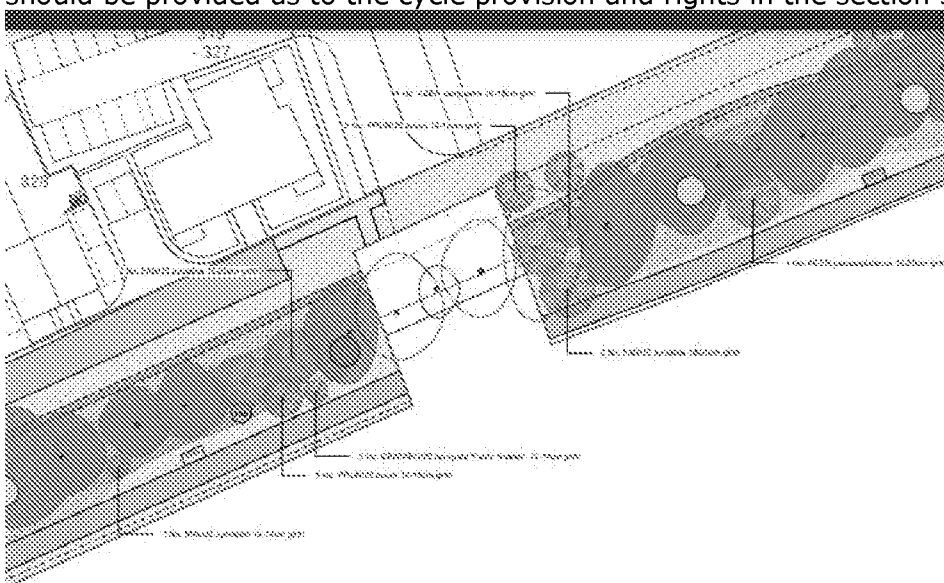

Whilst the plans provided with the transport information are titled 'vehicle tracking and visibility plans' no visibility splays can be seen.

Cycle Links – It is recommended the footpath link highlighted purple is upgraded to a shared use facility given it provides a short cut between the proposed cycle link and is likely to be used as such

### Arun Way

Whilst it is acknowledged the area is beyond the red line boundary, further information should be provided as to the cycle provision and rights in the section shown below.

### Conclusion

Additional information as highlighted above should be provided
