Hi Planning Tech,

I think someone has started this email – so please forward to them. If not, please make sure the updated information is passed on.

I have gone through some of the plans as they were in two separate WeTransfer links and merged them together (and deleted where they are now not for uploading). Therefore, please use the following links:

[F/14/24/RES](#)

[F/15/24/RES](#)

[F/16/24/RES](#)

I have also noted that we are missing a couple of plans that were stated to have been within the links, but are present on covering letters:

IRM - F/14/24/RES

- IRM_05.B - Arboricultural Impact Assessment
- 24053-17-IRM

RM1- F/15/24/RES

- No updated covering Letter?

I have asked for these to be sent and I will forward them on once I have them.

Thank you

Hi All,

This is a full resubmission of applications F/14/24/RES, F/15/24/RES and F/16/24/RES. I am not expecting that this is started/done by the Christmas break, and I have advised the agents of this given the sheer number of plans and checking involved.

The attached covering letters have a full plans schedule, and all the plans are saved in the folders here:

[F/14/24/RES](#)

[F/15/24/RES](#)

[F/16/24/RES](#)

Please ignore the covering letters included within the downloaded files as the attached are the most relevant – I have put IGNORE in their titles where this is the case. There are also a couple of documents/plans attached to this email which are not within the folders.

There will need to be all new publicity, so please organise for this to be put in the newspaper, and a neighbourhood plan group notification.

Please also undertake a full re-consultation of all consultees on the files currently.

Kind regards,
