Dear Sir/Madam,

I am writing in support of the painter and teacher Mr Piers Ottey's plans to build a suite of new studios on his land.

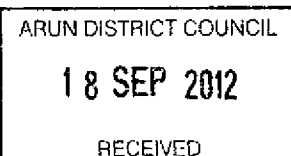

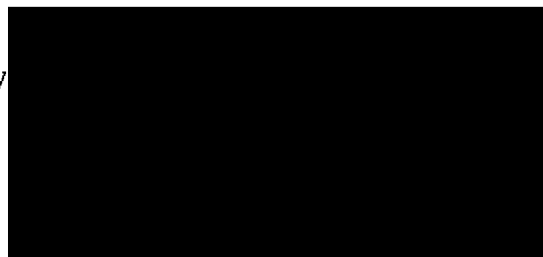

As someone who, among many other people, has benefited from Mr Ottey's instruction on site, and who is currently renting a studio next door, I feel the proposed development would certainly enhance the area. The Mill Studio as it stands has already contributed to the life of the community, attracting students of all ages to learn and work in a pleasant, friendly environment; the new studios, on the other hand, would be rented by professional artists and photographers who would in turn employ local tradesmen, as well as local framers, gallery owners and printers.

The Mill Studio, in short, has the potential to be a hub of creativity in the Ford and Clymping area, adding further to the reputation of nearby Arundel in particular as a cultural centre in this part of the South East.

Thank you,

Yours Sincerely

Quentin Daniel

Dear Sirs,

I am writing in support of **Planning Application F/15/12**. For many years the Mill Studio has contributed to the cultural life of the community with its exhibitions and classes open to all comers. This has enhanced the area around Ford and its environs. Mr. Piers Ottey is a great asset to the community and should be encouraged.
