Dear Neil

Thank you for your recent correspondence asking the Secretary of State to call in the above planning application.

I understand that the planning application is still under consideration by West Sussex County Council and there is no date yet for it to go to planning committee. If the Council are minded to approve the proposal your representations will be considered in deciding whether or not the Secretary of State should call in the planning application for his determination. In general it is not our policy to intervene in planning applications before the Council have had the opportunity to make a decision on an application.

If you have any queries or wish to contact me at present it is best to do this by email rather than telephone.

Please note that as you have made representations about a planning application which is before the Secretary of State, it may be necessary to make your letter available to a third party should that party make a request for information on representations made to the Secretary of State on the application. Any personal or identifying information will be removed before release.

Kind regards

Liz

Ministry of Housing, Communities & Local Government
