Dear Jessica

**Land at Ford Airfield, Ford**

**Application for approval of reserved matters pursuant to outline planning permission F/4/20/OUT**

**Phase RM1 (North)**

On behalf of the applicant Countryside Abri Ford North LLP, we are pleased to confirm that we have today submitted an online application (Planning Portal reference PP-13373419) for the approval of reserved matters pursuant to Condition 1 (Reserved Matters) of outline planning permission F/4/20/OUT for phase RM1 (North).

The description of development is as follows:

*Approval of reserved matters (layout, scale, appearance and landscaping) following outline consent F/4/20/OUT for phase RM1 (North), for the erection of 340 no. residential dwellings plus associated roads, infrastructure, parking, landscaping, open space & play areas, and associated works.*

Please note in addition to submitting details for the reserved matters, we have also provided information to discharge the following conditions attached to the outline planning permission, as they relate to the proposals within this reserved matters application:

- Layout, Scale, Appearance and Landscaping Details (as required by condition 20)
- Landscaping and Layout Particulars (as required by condition 21)
- Ecological Protection and Enhancement Plan (as required by conditions 18)
- Tree Survey/Arboricultural Impact Assessment (as required by condition 22)
- Noise Impact Assessment (as required by condition 25)
- Energy and Sustainability Assessment (as required by condition 26)

The plans and documents, which comprise this submission are set out within **Schedule 1** below.

**Appendix A** of this covering letter sets out where each of the drainage validation points are covered in our submission.

Payment of the relevant application fee of [REDACTED] has been made by the applicant, to the Planning Portal.

# **SURFACE WATER DRAINAGE INFORMATION SUMMARY – RM1**

**Prepared on behalf of Vistry Homes Ltd.**

## **1.0 INTRODUCTION**

### **1.1**

Ardent Consulting Engineers (ACE) has been appointed by Vistry Homes Limited to advise on the Drainage and flood risk aspects of the proposals for a residential-led mixed-use development on Land at Ford Airfield, Ford.

### **1.2**

Outline (all matters reserved except access) permission (ref F/4/20/OUT) was granted in July 2023 for:

"...the development of up to 1,500 dwellings (Use Class C3), 60-bed care home (Use Class C2), up to 9,000 sqm of employment floorspace (Use Classes B1), local centre of up to 2,350 sqm including up to 900 sqm retail / commercial (Use Classes A1-A5) and 1,450 sqm community / leisure floorspace (Use Classes D1-D2), land for a two-form entry primary school (Use Class D1), public open space, allotments, new sports pitches and associated facilities, drainage, parking and associated access, infrastructure, landscape, ancillary and site preparation works, including demolition of existing buildings and part removal of existing runway hardstanding..."

### **1.3**

The development will be brought forward via a number of reserved matters applications. This Surface Water Drainage Information Summary Technical Note covers the information pertaining to the surface water drainage strategy for the Reserved Matter 1 (RM1) application, which consists of:

Approval of reserved matters (layout, scale, appearance and landscaping) following outline consent F/4/20/OUT for phase RM1 (north), for the erection of 340 no. residential dwellings plus associated roads, infrastructure, parking, landscaping, open space & play areas, and associated works.

## SURFACE WATER DRAINAGE INFORMATION SUMMARY – RM1

### 2.0 Surface Water Drainage Information Summary

#### 2.1 Ground Investigation Results

*Must include winter groundwater monitoring and winter infiltration testing as agreed with Arun District Council's engineers. The document must include items 1-7 and 26 as referenced on our drainage checklist. Please refer to guidance notes (a)-(d) on the checklist for further information.*

**Refer to Appendix C of Report 2205771-R17.**

#### 2.2 Surface Water Drainage Statement

*Must include an explanation and justification for the proposed discharge location. All surface water drainage designs must follow the hierarchy for sustainable drainage.*

**Refer to Section 2.0 of Report 2205771-R17.**

#### 2.3 Impermeable Area/Catchment Plan

*(Information may not be available at outline stage but must be provided with full planning and reserved matters applications) Impermeable positively drained areas must be clearly demarked by catchment (where applicable) and labelled with square meterage.*

**Refer to drawings 2205771-D220 and D221.**

#### 2.4 Surface Water Drainage Calculations

*(Information may not be available at outline stage but must be provided with full planning and reserved matters applications) Calculations must be provided for the following storm events:*

- 1 in 10-year + Climate Change Allowance (10% AEP)
- 1 in 30-year + Climate Change Allowance (3.33% AEP)
- 1 in 100-year + Climate Change Allowance (1% AEP)

*The calculations must include half drain times for all events. Pre-development run-off calculations must also be submitted. Calculations for infiltration rates.*

**Refer to Appendix E of Report 2205771-R17 for modelled drainage calculations.**

**Refer to Appendix C of Report 2205771-R17 for soil infiltration rates.**

## **SURFACE WATER DRAINAGE INFORMATION SUMMARY – RM1**

**Prepared on behalf of Vistry Homes Ltd.**

### **2.5 Drainage Layout Plans**

*(Information may not be available at outline stage but must be provided with full planning and reserved matters applications)*

*Please see guidance note 'k' on our surface water drainage checklist for the level of detail required.*

**Refer to drawings 2205771-D140 and D141 for Drainage Strategy Plans.**
