Hello David,

Maybe I deleted it by mistake or something.

The condition requires approval of a written scheme of investigation for a programme of archaeological work, but although the first stage of the work, an evaluation of the site by trial trenching, has been completed and a report on it has been submitted (it's in the file for F/16/18/DOC), I can't see a copy of the WSI. I know one exists because I was shown a copy of a draft of it November 2016 - when I indicated that it would be likely to be acceptable but that they should formally apply to ADC for discharge. They should be asked to do so now.

The results of the evaluation indicate that a small part of the site contains a feature or series of features of Neolithic date that are very significant and that should be excavated as part of a second stage investigation, and I would expect to see a commitment to doing so as part of the WSI.

Give me a call if you need to discuss this further. I'm working from home (in Littlehampton!) this morning, and you can get me on [REDACTED]

Best wishes,

James

Hi James,

We sent a consultation response through on the 25.09.2018 but I haven't seen a response? I presume it has gone astray in the ether somewhere but would be grateful if you could please take a look urgently.

Many thanks,
David
