Future development - Sustainable Drainage Systems (SuDS)

We would recommend that both the West Sussex Policy for the Management of Surface Water https://www.westsussex.gov.uk/media/10391/ws_ifla_policy_for_management_of_surface_water.pdf and Water. People. Places. - a guide for master planning sustainable drainage into developments https://www.westsussex.gov.uk/media/2270/suds_design_guidance.pdf are used in preparation of the site's FRA and Drainage Strategy.

Please note that Schedule 3 of the Flood and Water Management Act 2010 has not yet been implemented and WSCC does not currently expect to act as the SuDS Approval Body (SAB) in this matter.
