PERSONAL FINANCE

A mortgage with the ability to access tax-free cash

A lifetime mortgage is a loan secured against your home, but there is no requirement for an affordability check. It can reduce the value of your estate and requires paying off any existing mortgage. The money released, plus interest, would be repaid upon death or moving into long-term care. It may affect entitlement to means-tested benefits now or in the future. A personalised illustration will explain features and risks.

Find out how much you could release, call
