Good morning,

Your application for works to the hangar space at the address above has been assigned to me. I have been reviewing the plans for the application, and I don't think the description encompasses the works shown on the plans. Specifically, I think the description would need to reference the increase in eaves height. The description would then read:

"Replacement of existing cladding, installation of new roller shutter doors, roof alterations including increase in eaves height and alterations to fenestration. This application is in CIL Zone 2 (Zero Rated) as other development."

Please could you confirm whether you are happy for me to make this change to the description?

Kind regards,

Hebe Smith (she/her)
