Hi
It was our intention to keep the eaves height as low as practical so yes we would keep it to 2450mm including block piers

Regards

A Jones

Dear Mr Jones,

I refer to the above application. Since the amount of potential overlooking is key to the consideration of part of this application I would appreciate your confirmation as to the height of the cabin. The plans submitted as part of application F/6/17/HH do not scale properly, but do contain figured dimensions. I would therefore appreciate your written confirmation as to the eaves height. It is detailed as 2.45m I assume this includes the 0.45 block supports and that the structure itself is only 2m to eaves height, but would appreciate clarification.

Regards

Anita Gardner
