Hi Amber,

I hope you are well.

The applicant has come back to me following a discussion with their CQC (Care Quality Commission) advisor. They have commented that a single access to and from the site would not be acceptable in this instance and therefore closing the existing highways access would not be possible for the property to function and meet the CQC operations requirements.

Would it be possible to discuss this with the highways officer if required as this is an existing highways access it was seen that we are not changing or making the situation any worse than it already is.

Please be advised that our offices will be closed from Friday 8th of August to Wednesday 27th of August 2025.

Kind Regards

**Scott Wilkinson**
