Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: F/22/21/PL
Site Address: Land rear of Paynters Croft Burndell Road Yapton BN18 0HR
Description of works: 23 No dwellings with associated access, infrastructure, landscape and open space (resubmission following F/5/21/PL). This application is a Departure from the Development Plan & is in CIL Zone 3 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 10th December 2021 which has been recorded as an objection with the comments as follows:

OWPC42539

The proposed site is outside the settlement boundary.

It is also outside of Ford development plan.

Development should be on brownfield areas in order to conserve the rural land and the environment, ecology and ecology. Habitats and conservation in the village should be protected and not disturbed unnecessarily!

These proposed houses are totally unnecessary, unacceptable and inappropriate.

There is potentially more flooding to the Abbots Field estate if this development goes ahead due to the proposed 4litres a second of surface water in to the ditch which lies north of the proposed site and on the boundary of Abbots Field.

The ditch provides habitat to numerous wildlife species which should be protected and undisturbed. The trees, hedgerows and land used by numerous species for nesting, cover and foraging should be protected and left undisturbed, as should the potential badger sett within the ditch, that runs in the direction of the proposed site. The council policy was to limit development to retain the rural areas & character of the smaller settlements so this proposal goes against that!

Ford airfield proposal of 1500 houses is more than enough in this area.

There is far too much development going on in the Ford, Yapton, Barnham areas without this further development.

These houses are not welcomed, not necessary, totally inappropriate and would change the rural area significantly.

To subject Abbots Field, Meadow cottages and the local wildlife to increased air, noise and smell pollution for a further 2 years when they've already had to put up the Bovis development for the last two years, from a health and safety aspect is totally unreasonable.

This proposal should not be allowed to go ahead.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments including your name and address on the website. Please make sure that you have only provided information that you are happy will be published in this way.
