Lambs Bricks, Hand made Rubber, light/medium/dark blend **(B)**

Guttering and Downpipes

Heritage - Half Round Gutters and Fittings

Heritage Half Round cast aluminium gutters are available in 4 sizes and 2 gutter lengths, together with a complete range of fittings. A classic socketed system, which can be finished to replicate cast iron or with BBA certificated powder coatings in a choice of colours.

Notes: All dimensions are in mm unless shown otherwise.
Gutter sizes shown are nominal.

Heritage - Circular Pipes and Fittings

Heritage Circular Pipes are available in 4 pipe diameters and 3 pipe lengths, together with a complete range of fittings. Complementary rainwater heads are also available. Can be factory finished to replicate cast iron or with BBA certificated powder coatings in a range of colours.

Notes: Pipes are extruded sections with cast sockets. The majority of fittings are cast, however certain fittings are fabricated. Contact Alumasc for further details
All dimensions are in mm unless shown otherwise.
Pipe sizes shown are nominal.

Note:

Colour of rainwater good to be as described in the materials specification above
